

**ST. CASIMIR'S SCHOOL  
SCIENCE STANDARDS  
KINDERGARTEN**

	A	B	C
1		<b>COMPETENCY LEVEL</b>	<b>COMPLETED</b>
2	<b>A. Five Senses</b>		
3	Know about seeing	C	
4	Know about smelling	C	
5	Know about touching	C	
6	Know about hearing	C	
7	Know about tasting	C	
8	Know about the visible parts of the body (head, arms, shoulders, legs, knees, trunk, toes, fingers)	C	
9	<b>B. Common Plants</b>		
10	Tell the difference between trees and other plants	I	
11	Know where plants grow	I	
12	Know about plants on the farm	I	
13	Know about plants in the garden	I	
14	Know about house plants	I	
15	Know what plants need (air, water, light)	I	
16	<b>C. Animals</b>		
17	Know that animals live in different places	I	
18	Know about animal babies	I	
19	Know how animals get their food	I	
20	<b>D. The World Around Us</b>		
21	Know that the earth is made up of land and water	I	
22	Know how we need to take care of land, air and water	I	
23	Know the names and order of the seasons	I/D	
24	Know about our weather (rain, snow, wind)	I/D	
25	<b>E. Scientific Inquiry</b>		
26	Observe and describe common objects using simple tools	I	
27	<b>F. Diversity of Organisms</b>		
28	Compare and contrast living and nonliving things	I	
29	Know simple ways that living and nonliving things can be grouped	I	
30	<b>G. Forces of Nature</b>		
31	Know that magnets can be used to make some things move without direct contact	I	
32	Know that things near earth fall to the ground unless something else holds them up	I
